

## Be the Best with Bridge Partnership Schools for Liberia

Imagine you could be part of one of the best schools in your district, county and country. Imagine you can accelerate achievement for yourself, your school, and your community. Imagine you received advanced training and your school received learning materials, technology, and on going monitoring and support. Imagine your school was rated top in literacy and numeracy, had students receiving scholarships to study in the US, and you became a leading educator in Liberia, and beyond. Imagine that your colleagues, neighbors, and the country recognize your excellence and dedication. Imagine that time is now!

At a Bridge Partnership School for Liberia you will lead or teach at a school:

- Where students are reading, writing, and completing math far above their grade level, and where teachers have the resources they need to push students to higher levels of achievement.
- Where 100% of students go on to excel in high school and perform to new heights on the WAEC—and a few extraordinary students get opportunities to study in the United States.
- Where all students have marketable skills for the workplace and the confidence to take charge of opportunity.
- Where teachers and administrators are using 21<sup>st</sup> century education technology to deliver lessons, record attendance and exams, and monitor student growth.
- Where teachers use tablet computers to simplify paperwork and ensure they have all the materials they need at their fingertips.
- Where administrators have tablet computers and smartphone to simplify paperwork, and make managing and operating the school easy.
- Where daily lesson plans are prepared for teachers by global curriculum experts, so that star Vice Principals of Instruction can spend their time in classrooms coaching teachers to grow and develop.
- Where Vice Principals of Instructions' sole focus is on teachers—watching them work, helping those who struggle, and feeling the pride of seeing your school grow and excel.
- Where Principals receive management training to develop themselves and their schools.
- Where teachers and administrators have access to professional development opportunities to advance their careers.
- Where DEOs have a partner in creating a school of excellence.
- Where you and your school are part of a larger network of schools across Liberia, and the world – increasing your own experience and opportunity.

**If you want to change history  
If you want to be a part of transforming education in Liberia  
Become a star for Liberia  
At a Bridge Partnership School.**

Bridge Partnership Schools for Liberia firmly believes schools are made out of stars, and we want to find those shining brightest among them. If you know you are a star, and want to be part of helping all of Liberia to shine brighter, contact: [stars@bridgeinternationalacademies.com](mailto:stars@bridgeinternationalacademies.com)
